

Oakland County Housing for People with Disabilities Survey

Finding, securing, and modifying housing for individuals with disabilities in Oakland County can be a challenge. To examine the present and future needs of housing for Oakland County's citizens with disabilities, information is being collected to assess the current status of housing and to identify future housing needs for individuals with disabilities. To help us with our work, we would like to know more about your housing needs and desires. Please take a few minutes to sit with your family, friends, etc. to discuss these questions. We welcome any and all ideas you have!
