Woodward Academy (Detroit)			
	<i>Woodward Academy</i>	X	X

The schools in this group must continue to implement their revised school improvement plans and use at least 10 percent of their Title I funds for professional development to support the revised plan. The district must also notify parents of students attending these schools, offer the option to transfer to a school in the district that is not identified for improvement, and offer students from low-income families the opportunity to obtain supplemental educational services from a state-approved provider.

* The district has requested that the Michigan Department of Education review the data for this school.
